

Parent Tips

Math at Home

1

Be positive about math.

- Have a supportive attitude
- Celebrate your child's achievements

2

Ask questions about topics.

- Read homework problems with your child
- Reach out to the teacher when your child struggles

3

Watch videos for support.

- Search for examples on YouTube
- Look for math content on TeacherTube

4

Practice math skills.

- Set a timer for 30 minutes or less to complete an assignment
- Exercise with flash cards

5

Play games.

- Have a family game night with your child
- Battleship, Dominoes, Monopoly, Sequence, SKIPBO, and UNO are good choices
