- The LEA will ensure that a public agency will maintain control of funds for the services and assistance provided to a non-public school under the GEER fund.
- The LEA will ensure that a public agency will have title to materials, equipment, and property purchased with GEER funds.
- The LEA will ensure that services to a non-public school with GEER funds will be provided by a public agency directly, or through contract with, another public or private entity.

**Provide a brief explanation answering the following questions:**

Mr. Mitchum has indicated via the allocation that he is pleased with communication between both parties. The communication took place July 27-29, 2020. The services requested are to purchase more Chromebooks for their students. These services will begin immediately after the application has been approved from the ALSDE. The purchase of devices moves the private school closer to 1:1 and will assist greatly in remote learning. There is no school administrative set-aside being taken by the LEA.

**How will the LEA plan for implementation and measure impact for effectiveness for purchases identified?**

The LEA will be able to effectively attempt to educate students remote and safely. Parent surveys indicated that moving one to one is imperative for this to happen. To that end, ensuring devices are operational consistently is critical. Also, ensuring connectivity in transportation supports the bridging of gaps in learning and learning opportunities. Since continuity of services is critical, we will evaluate student device usage patterns, monitor turnaround times for device repairs and take steps to minimize overall device attrition/breakage rates.

**What is the proposed timeline for providing services and assistance to students and staff?**

All services will be completed by September 30, 2022.
